professionals

Months of scattered learning

Structured paths from beginner to advanced

Skip the hard way

Start your 7-day free trial

The salary gap is real

AI-skilled workers earn **77% more** than their peers. Every week you wait, the gap grows. The question isn't *if* you should learn AI, it's how fast you can start.

YOUR 4-WEEK TRANSFORMATION

Go from beginner to AI expert

Here's exactly what your first month looks like

WEEK
2

Automate your first workflow

Build a real automation you'll use every day

WEEK
3

Save 5+ hours weekly

Stack time-saving wins across your role

WEEK
4

Become the AI person at work

Your colleagues start asking you for help

Yeah, but...

We've heard every reason not to start. Here's how we've solved each one.

"I don't have time for this"

Every tutorial is under 15 minutes

Most are under 10. Watch one during your coffee break.

"I'm not technical enough"

Built for non-technical professionals

Marketers, analysts, managers — not engineers.

AI / Academy

We track 50+ tools so you don't have to

New tutorials weekly. Always current.

"I've tried learning AI before"

Structured paths, not random videos

From beginner to advanced. No more guessing what to learn next.

Here's what they have to say

What our members say about the benefits of the AI Academy.

"In under 3 weeks, I went from **knowing nothing about AI to automating my reports and saving 5+ hours every week**. The tutorials are clear, practical, and packed with value."

Linda K.

Financial Analyst, JPMorgan

"The tutorials are **clear, practical, and easy to follow** —even for complete beginners. Within 2 weeks, I was automating repetitive tasks and my team noticed the difference."

Brian P.

AI / Academy

"I took the free trial and **immediately saw the value** . The tutorials helped me cut my content creation time in half. It's been worth every penny."

Olivia N.

Content Strategist, Vanity Fair

"I love how the AI Academy adds new courses every week. **47 new tutorials were added last month alone** —I always feel like I'm ahead of the curve. Highly recommend it!"

Abhi S.

Solutions Specialist, Amazon

"I signed up for the AI Academy and it's been a **game-changer for my job** . The tutorials are practical and have saved me 6+ hours a week on client work."

Ava W.

Tech Consultant, Accenture

" I've tried 4 different AI learning platforms—none compare to the AI Academy . The lifetime access at \$499 was a no-brainer. That's less than \$1 per course."

OUR STORY

We noticed something interesting

The people getting ahead with AI aren't the ones with computer science degrees. They're the ones who found the right shortcuts — practical

"What if we collected those shortcuts and made them accessible to everyone?"

That question became AI Academy.

We built this for professionals like you:

Marketers

Automating content, research, and campaigns

Analysts

Processing data and generating insights faster

Consultants

Delivering more value in less time

Managers

Leading AI adoption in their teams

Our philosophy is simple:

Learn by doing

Every tutorial ends with something you can use today. No passive watching.

No one left behind

Stuck? Ask in the community. We respond within 24 hours, usually faster.

Stay ahead together

When a new tool drops, we cover it within days. You'll never feel behind.

Normally \$29. Free 3,000+ signups

AI Academy

3,000,000+ character prompts and 100

10-page guide

Copy-paste prompts for work, writing, research, and creativity, plus the 3-part prompt structure that turns vague answers into expert output. Used by 9,000+ professionals to save 5+ hours per week.

Meet your instructors

The people behind every tutorial.

Louis Corneloup

Founder, Techpresso & AI Academy

I have used ChatGPT since it launched in 2022, and I turn the AI tools that actually matter into clear, step-by-step tutorials you can put to work right away.

Rahail Salamat

AI Expert & Instructor

I have worked with AI since 2022 across several tech companies, and I turn complex AI workflows into clear, step-by-step tutorials you can put to work right away.
