

NYC2 Network Maintenance

Scheduled for Jul 7, 10:30 - 15:30 UTC

[SUBSCRIBE TO UPDATES](#)

This scheduled maintenance affects: Networking (NYC2).

Scheduled

Start: 2026-07-07 10:30 UTC

End: 2026-07-07 15:30 UTC

During the above maintenance window, our Networking Engineering team will be making changes to the core networking infrastructure on Baremetal GPU to enhance performance and scalability in the NYC2 region.

Expected impact:

We do not expect any customer impact during this maintenance. However, if any unexpected issues arise, our team will continuously monitor the situation and take appropriate corrective actions, including rolling back the change if necessary to restore service stability. We will make every effort to minimize any impact.

If you have any questions related to the maintenance, please don't hesitate to reach out to us through
