existing policies

OUTPUT

operational guide

COACHING

GOAL SETTING AND ACCOUNTABILITY

PLAN

Build a Quarterly Goal Coaching Plan

Create a quarterly coaching plan with goals, milestones, accountability checks, and adjustment rules.

PROMPT

Copy

You are a practical performance coach.

Build a quarterly goal coaching plan using the context below.

Context:

- Person or client profile: [profile]
- Main quarterly goal: [goal]
- Current blockers: [blockers]

INPUTS

person or client profile

quarterly goal

COACHING

GOAL SETTING AND ACCOUNTABILITY

COACH

Design an Accountability System That Actually Gets Used

Design an accountability system with check-ins, friction reduction, and consequences that support follow-through.

PROMPT

Copy

You are designing an accountability system for sustained follow-through.

Use the context below.

Context:

- Goal type: [goal type]
- Personality or work style: [style]
- Current follow-through

current blockers

available time

support system

constraints

OUTPUT

coaching plan

INPUTS

goal type

personality or work style

current follow-through issues

tools used

review cadence

OUTPUT

accountability system guide

COACHING

GOAL SETTING AND ACCOUNTABILITY

GENERATE

Create a Weekly Goal Check-In Template

Create a weekly check-in template that tracks progress, blockers, decisions, and next commitments.

PROMPT

Copy

You are creating a weekly check-in template for coaching accountability.

Use the context below.

Context:

- Goal type: [goal type]
- Individual or team context: [context]
- Review cadence: [cadence]

INPUTS

goal type

individual or team context

review cadence

success metrics

tone

OUTPUT

check-in template

COACHING

GOAL SETTING AND ACCOUNTABILITY

EVALUATE

Review a Goal Plan for Realism and Commitment Gaps

Evaluate a goal plan for realism, sequencing, capacity fit, and weak accountability points.

PROMPT

Copy

You are reviewing a goal plan like a rigorous coach.

Evaluate the plan below.

Context:

- Goal plan: [plan]
- Time horizon: [time horizon]
- Current capacity: [capacity]
- Other commitments: [commitments]

INPUTS

goal plan

time horizon

current capacity

other commitments

stakes

OUTPUT

plan review

COACHING

MINDSET AND REFLECTION

COACHING

MINDSET AND REFLECTION

COACH

Coach Through a Limiting Belief Without Hollow Positivity

Guide someone through examining a limiting belief, testing it, and building a more useful perspective.

PROMPT

[Copy](#)

You are a grounded mindset coach.

Help work through the belief below.

Context:

- Limiting belief: [belief]
- Where it tends to show up: [context]
- Evidence the person cites:

INPUTS

belief statement

context where it shows up

evidence they cite

desired outcome

tone

OUTPUT

mindset coaching guide

GENERATE

Create Reflection Prompts for a Personal or Career Transition

Generate reflection prompts that help someone process a transition, spot patterns, and decide next moves.

PROMPT

[Copy](#)

You are creating reflection prompts for someone in transition.

Use the context below.

Context:

- Transition type: [transition]
- Current emotional state: [state]
- Main uncertainties:

INPUTS

transition type

emotional state

main uncertainties

decision pressure

time horizon

REWRITE

Rewrite Harsh Self-Talk Into a More Useful Internal Script

Rewrite harsh internal language into a more useful script that preserves accountability without self-attack.

PROMPT

[Copy](#)

You are a coach helping someone recover from burnout patterns.

Plan a recovery routine using the context below.

Context:

- Current situation: [situation]
- Energy symptoms or warning signs: [symptoms]

INPUTS

current situation

energy symptoms

work or life demands

recovery window

constraints

OUTPUT

recovery plan

You are helping someone rewrite destructive self-talk into something more useful.

Use the context below.

Context:

- Current self-talk: [self-talk]
- Situation that triggered it: [situation]

INPUTS

current self-talk

situation

what went wrong

desired tone

next action needed

OUTPUT

reframed self-talk script

COACHING

COMMUNICATION COACHING

PLAN

Plan a Difficult Conversation With Better Emotional Control

Plan a difficult conversation with message structure, emotional guardrails, and response paths.

PROMPT

Copy

You are coaching someone through a difficult conversation.

Plan the conversation using the context below.

Context:

- Relationship or work context: [context]
- Issue to address: [issue]

INPUTS

relationship or work context

COACHING

COMMUNICATION COACHING

COACH

Improve Active Listening in Coaching or Management Conversations

Improve active listening with concrete techniques for pacing, questions, summarizing, and restraint.

PROMPT

Copy

You are coaching someone to become a stronger listener.

Use the context below.

Context:

- Conversation context: [context]
- Current listening mistakes: [mistakes]
- Relationship dynamics:

INPUTS

conversation context

issue to address

desired outcome

known sensitivities

stakes

OUTPUT

conversation plan

current listening mistakes

relationship dynamics

stakes

experience level

OUTPUT

communication coaching guide

COACHING

COMMUNICATION COACHING

GENERATE

Draft a Constructive Feedback Conversation Script

Draft a feedback conversation script that is specific, respectful, and action-oriented.

PROMPT

Copy

You are drafting a constructive feedback conversation.

Use the context below.

Context:

- Conversation context: [context]
- Behavior or issue to address: [behavior]
- Impact of the issue: [impact]

INPUTS

context

behavior to address

impact

desired change

relationship tone

stakes

OUTPUT

feedback script

COACHING

COMMUNICATION COACHING

EVALUATE

Review a Message for Tone, Clarity, and Coaching Effectiveness

Review a message for tone, clarity, defensiveness risk, and alignment with the intended coaching outcome.

PROMPT

Copy

You are reviewing a coaching or leadership message before it is sent.

Use the context below.

Context:

- Message draft: [message]
- Recipient relationship: [relationship]
- Goal of the message: [goal]

INPUTS

message draft

recipient relationship

goal of the message

known sensitivities

desired tone

OUTPUT

message review

COACHING

HABIT CHANGE

PLAN

COACHING

HABIT CHANGE

COACH

Build a Habit Change Plan That Accounts for Friction and Relapse

Build a habit change plan with triggers, environment design, recovery rules, and measurement.

PROMPT

Copy

You are a behavior change coach.

Build a habit change plan using the context below.

Context:

- Habit to build or break: [habit]
- Why it matters: [reason]
- Current pattern: [pattern]

INPUTS

habit to build or break

why it matters

current pattern

high-risk situations

available support

constraints

OUTPUT

habit plan

Coach Through a Procrastination Pattern

Coach through procrastination by identifying avoidance patterns, reducing startup friction, and creating action prompts.

PROMPT

Copy

You are coaching someone through chronic procrastination.

Use the context below.

Context:

- Task type: [task]
- Where procrastination shows up: [context]
- Emotions involved: [emotions]

INPUTS

task type

where procrastination appears

emotions involved

stakes

current coping pattern

OUTPUT

coaching guide

COACHING

HABIT CHANGE

GENERATE

Create a Habit Tracker Template With Reflection Built In

Create a habit tracker template with completion logging, trigger notes, and review prompts.

PROMPT

Copy

You are creating a habit tracker for coaching use.

COACHING

HABIT CHANGE

EVALUATE

Audit a Habit System for Hidden Failure Points

Audit a habit system for friction, trigger mismatch, tracking overload, and unrealistic expectations.

PROMPT

Copy

You are auditing a habit system that is not holding.

Use the context below.

Context:

- Habit goal: [goal]
- Tracking cadence: [cadence]
- Number of habits to track: [count]

INPUTS

habit goal

tracking cadence

number of habits

review style

format preference

OUTPUT

tracker template

Use the context below.

Context:

- Current habit system: [system]
- Habit target: [habit]
- What keeps failing:

INPUTS

current habit system

habit target

what keeps failing

environment

time constraints

OUTPUT

habit audit

COACHING

CONFIDENCE AND PERFORMANCE

COACH

Rebuild Confidence After a Setback

Coach someone through rebuilding confidence with evidence, skill recovery, and controlled re-entry.

PROMPT

Copy

You are coaching someone after a setback.

Use the context below.

Context:

- Setback or failure event: [setback]
- Current confidence level: [confidence]
- Stakes going forward:

INPUTS

setback

current confidence level

stakes

what they fear now

next performance context

COACHING

CONFIDENCE AND PERFORMANCE

PLAN

Plan a High-Stakes Performance Preparation Routine

Plan a preparation routine for a high-stakes performance with rehearsal, regulation, and recovery.

PROMPT

Copy

You are preparing someone for a high-stakes performance.

Use the context below.

Context:

- Performance event: [event]
- Stakes: [stakes]
- Time until event: [time]
- Known weaknesses or nerves: [weaknesses]

INPUTS

performance event

stakes

time until event

known weaknesses

environment

constraints

OUTPUT

confidence coaching guide

OUTPUT

performance preparation plan

COACHING

CONFIDENCE AND PERFORMANCE

GENERATE

Create a Pre-Performance Reset Script

Create a short pre-performance reset script that reduces panic and sharpens focus before a key moment.

PROMPT

Copy

You are creating a short reset script before a performance moment.

Use the context below.

Context:

- Performance context: [context]
- Main fear or internal noise: [fear]

INPUTS

performance context

main fear

desired state

tone

length preference

OUTPUT

reset script

COACHING

CONFIDENCE AND PERFORMANCE

EVALUATE

Run a Performance Debrief Without Spiraling

Debrief a performance with clear analysis of what worked, what missed, and what to improve next time.

PROMPT

Copy

You are coaching someone through a performance debrief.

Use the context below.
