

Intel объявляет о дополнительном выпуске и размещении обыкновенных акций на сумму 20 миллиардов долларов

САНТА-КЛАРА, Калифорния — (BUSINESS WIRE) — Корпорация Intel (Nasdaq: INTC) сегодня объявила цену ранее анонсированного публичного размещения обыкновенных акций.

Компания Intel оценила публичное размещение 210 526 315 обыкновенных акций по цене 95 долларов за акцию. Intel предоставила андеррайтерам 30-дневный опцион на покупку до 31 578 947 дополнительных обыкновенных акций по цене публичного размещения за вычетом скидок за андеррайтинг. Объем размещения был увеличен с 15 до 20 миллиардов долларов.

Ожидается, что сделка будет завершена 12 августа 2026 года при соблюдении обычных условий закрытия сделки.

Чистая выручка от размещения акций составит примерно 19,7 миллиарда долларов (при условии, что андеррайтеры не воспользуются своим правом на покупку дополнительных акций) за вычетом скидок и комиссионных, а также предполагаемых расходов

на размещение акций, которые понесет Intel. Intel намерена использовать чистую выручку от размещения акций на общекорпоративные цели, которые могут включать, помимо прочего, капитальные затраты и оборотный капитал.

J.P. Morgan, Goldman Sachs & Co. LLC, Morgan Stanley и Citigroup выступают в качестве совместных букраннеров размещения. Barclays, BofA Securities, BNP Paribas, Credit Agricole CIB, Deutsche Bank Securities, Mizuho, RBC Capital Markets, TD Securities, Wells Fargo Securities и Cantor также выступают в качестве букраннеров. Соруководителями выступают Academy Securities, COMMERZBANK, PJT Partners, Blaylock Van, C.L. King & Associates и Ramirez & Co., Inc.

“roadmap”, “seek”, “should”, “strive”, “targets”, “to be”, “upcoming”, “will”, “would” and variations of such words and similar expressions are intended to identify such forward-looking statements, which may include statements regarding:

- the size and timing of the offering of common stock, and the anticipated use of the net proceeds therefrom;
- Intel’s ability to complete the offering on the anticipated timeline or at all; and
- other characterizations of future events or circumstances.

Such statements involve many risks and uncertainties that could cause our actual results to differ materially from those expressed or implied, including those associated with:

- the high level of competition and rapid technological change in our industry;
- the significant, long-term and inherently risky investments we are making in R&D and manufacturing facilities that may not realize a favorable return;
- the complexities and uncertainties in developing and implementing new semiconductor products and manufacturing process technologies;
- our pursuit of Intel 14A and other next-generation leading-edge process technologies, our investments in manufacturing expansion projects to manufacture products using such technologies and our efforts to secure product design wins with and demand commitments from potential significant external customers for the manufacture of products using such technologies;

- alternative financing arrangements and pursuit of government grants;
- the U.S. government's acquisition of significant equity interests in us;
- changes in product demand and margins;
- macroeconomic conditions and geopolitical tensions and conflicts, including geopolitical and trade tensions between the U.S. and China, tensions and conflict affecting Israel and the Middle East, rising tensions between mainland China and Taiwan and the impacts of Russia's war on Ukraine;
- recently elevated geopolitical tensions, volatility and uncertainty with respect to international trade policies, including tariffs and export controls, impacting our business, the markets in which we compete and the world economy;
- the evolving market for products with AI capabilities;
- our complex global supply chain supporting our manufacturing facilities and incorporating external foundries, including from disruptions, delays, trade tensions and conflicts, or shortages, including current industry-wide substrate and memory shortages;
- product defects, errata and other product issues, particularly as we develop next-generation products and implement next-generation manufacturing process technologies;
- potential security vulnerabilities in our products;
- increasing and evolving cybersecurity threats and privacy risks;
- IP risks including related litigation and regulatory proceedings;
- the need to attract, retain and motivate key talent;

- • strategic transactions and investments;
- • sales-related risks, including customer concentration and the use of distributors and other third parties;
- • our debt obligations and our ability to access sources of capital;
- • complex and evolving laws and regulations across many jurisdictions;
- • catastrophic events;
- • fluctuations in currency exchange rates;
- • changes in our effective tax rate and applicable tax regimes;
- • environmental, health, safety and product regulations; and
- • other risks and uncertainties described in this release, our 2025 Form 10-K, our Q1 2026 Form 10-Q, our Q2 2026 Form 10-Q, and our other filings with the SEC.

Given these risks and uncertainties, readers are cautioned not to place undue reliance on such forward-looking statements. Readers are urged to carefully review and consider the various disclosures made in this release and in other documents we file from time to time with the SEC that disclose risks and uncertainties that may affect our business.

Unless specifically indicated otherwise, the forward-looking statements in this release do not reflect the potential impact of any divestitures, mergers, acquisitions or other business combinations that have not been completed as of the date of this release. In addition, the forward-looking statements in this release are based on management's expectations as of the date of this release, unless an earlier date is specified, including expectations based on third-party information and projections that management believes to be reputable. We do not undertake, and

expressly disclaim any duty, to update such statements, whether as a result of new information, new developments, or otherwise, except to the extent that disclosure may be required by law.
