Лонг-Бич, Калифорния, 7 мая 2026 года (GLOBE NEWSWIRE) — Корпорация Rocket Lab (Nasdaq: RKLB), мировой лидер в области пусковых услуг и космических систем, сегодня представила финансовые результаты за первый финансовый квартал, завершившийся 31 марта 2026 года.

«Rocket Lab завершила еще один выдающийся квартал с рекордными финансовыми показателями: выручка составила более 200 миллионов долларов, стабильные результаты по программам запуска и космических систем, рекордное количество новых крупных контрактов и завершенные стратегические приобретения. По итогам квартала у нас было заказов на 2,2 миллиарда долларов, и в настоящее время у нас есть доступ к ликвидности на сумму более 2 миллиардов долларов, что дает нам очень сильные позиции для дальнейшего роста и сделок по слиянию и поглощению».

«Rocket Lab продолжает лидировать в области реализации проектов и роста. Мы осуществили успешные орбитальные запуски и гиперзвуковые испытательные миссии, представили новые космические системы, в том числе востребованную спутниковую электроракетную двигательную установку Gauss, были выбраны для поддержки программы Министерства обороны США по созданию космического перехватчика в рамках программы Golden Dome for America в партнерстве с Raytheon, а также расширили свою ведущую роль в области гиперзвуковых испытательных запусков благодаря рекордному контракту в рамках программы MACH-TB». Мы также завершили сделку по приобретению компании Mynaric, чтобы укрепиться в Европе с помощью Rocket Lab Europe, и заключили окончательное соглашение о приобретении компании Motiv, что позволит нам использовать проверенную на Марсе робототехнику, а также наладить собственное производство дорогостоящих компонентов космических аппаратов, в том числе узлов привода солнечных батарей и других прецизионных механизмов и систем управления движением. У Rocket Lab много преимуществ. Мы уже участвуем в самых сложных и значимых космических программах нашего поколения и находимся в невероятно выгодном положении, чтобы продолжать расширять свое присутствие.

## Основные события первого квартала 2026 года, а также новости бизнеса с 31 марта 2026 года.

- Рекордная квартальная выручка – \$ 200,3 млн, рост на 63,5% г/г
- Рекордная валовая прибыль по GAAP – 38,2%
- Рекордное отставание – \$ 2,2 млрд, рост на 20,2% кв/кв
- Рекордная ликвидность после завершения размещения акций на рынке с доступом к общей ликвидности более чем в 2 миллиарда долларов, что значительно повышает шансы Компании на дальнейший органический рост и проведение слияний и поглощений
- Рекордные новые контракты на запуски: в Первом квартале был подписан 31 новый контракт Electron и HASTE, а также подписано пять новых специализированных запусков Neutron. В первом квартале 2026 года Rocket Lab продала больше пусковых услуг, чем за весь 2025 год, что свидетельствует о сохраняющемся высоком спросе и росте возможностей компании в области запусков. Общий портфель заказов Rocket Lab на запуски теперь превышает 70 миссий по контракту.
- Завершено приобретение компании Mynaric AG, ведущего поставщика терминалов лазерной оптической связи для воздушных, космических и мобильных приложений, что еще больше расширяет возможности Rocket Lab как поставщика спутниковых компонентов для глобального космического рынка.
- Signed a definitive agreement to acquire Motiv Space Systems, a leader in space robotics, motion control systems, and precision mechanisms for spacecraft. The acquisition will achieve two strategic objectives for Rocket Lab: add Mars-proven robotics capability for advanced planetary and national security missions, and closes a critical gap in Rocket Lab's vertical integration strategy by bringing in-house costly and supply-constrained satellite components like solar array drive assemblies (SADAs) and other precision mechanisms.
- Selected to directly support the Department of War's Space Based Interceptor (SBI) program, a critical element of President Trump's Golden Dome for America, in partnership with Raytheon. Rocket Lab's launch and satellite capabilities are both being utilized for SBI, demonstrating the value of the Company's agile and cost-effective end-to-end space capabilities for the warfighter and positioning the Company to capture significant revenue from what could become the U.S. government's most important national security program.
- Introduced Gauss, a new electric satellite thruster designed for high-volume production to meet the growing demand for reliable satellite propulsion across commercial and national security constellations.
- Achieved significant milestones across the Neutron program with ongoing integration and readiness of first-flight hardware, continued progress on Archimedes engine qualification, and advancement of the second stage and reusable fairing systems, positioning the medium-lift launch vehicle on track for its debut launch later this year.

## Second Quarter 2026 Guidance

### For the second quarter of 2026, Rocket Lab expects:

- Revenue between \$225 million and \$240 million.
- GAAP Gross Margins between 33% and 35%.
- Non-GAAP Gross Margins between 38% and 40%.

- GAAP Operating Expenses between \$138 million and \$144 million.
- Non-GAAP Operating Expenses between \$120 million and \$126 million.
- Interest Income, net \$12.5 million.
- Adjusted EBITDA loss of between \$20 million and \$26 million.
- Basic Weighted Average Common Shares Outstanding of 629 million, including approximately 46 million of Series A Convertible Participating Preferred Shares.

**See “Use of Non-GAAP Financial Measures” below for an explanation of our use of Non-GAAP financial measures, and the reconciliation of historical Non-GAAP measures to the comparable GAAP measures in the tables attached to this press release. We have not provided a reconciliation for the forward-looking Non-GAAP Gross Margin, Non-GAAP Operating Expenses or Adjusted EBITDA expectations for Q2 2026 described above because, without unreasonable efforts, we are unable to predict with reasonable certainty the amount and timing of adjustments that are used to calculate these non-GAAP financial measures, particularly related to stock-based compensation and its related tax effects. Stock-based compensation is currently expected to range from \$19 million to \$21 million in Q2 2026.**

### **Conference Call Information**

Rocket Lab will host a conference call for investors at 2 p.m. PT (5 p.m. ET) today to discuss these business highlights and financial results for our first quarter, other updates, and to provide our outlook for the second quarter 2026.

The live webcast and a replay of the webcast will be available on Rocket Lab’s Investor Relations website: <https://investors.rocketlabcorp.com/>

### **About Rocket Lab**

Rocket Lab is a leading space company that provides launch services, spacecraft, payloads and satellite components serving commercial, government, and national security markets. Rocket Lab’s Electron rocket is the world’s most frequently launched orbital small rocket; its HASTE rocket provides hypersonic test launch capability for the U.S. government and allied nations; and its Neutron launch vehicle in development will unlock medium launch for constellation deployment, national security and exploration missions. Rocket Lab’s spacecraft and satellite components have enabled more than 1,700 missions spanning commercial, defense and national security missions including GPS, constellations, and exploration missions to the Moon, Mars, and Venus. Rocket Lab is a publicly listed company on the Nasdaq stock exchange (RKLB). Learn more at [www.rocketlabcorp.com](http://www.rocketlabcorp.com).

### **Forward Looking Statements**

This press release contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. We intend such forward-looking statements to be covered by the safe harbor provisions for forward looking statements contained in Section 27A of the Securities Act of 1933, as amended (the “Securities Act”) and Section 21E of the Securities Exchange Act of 1934, as amended (the “Exchange Act”). All statements contained in this press release other than statements of historical fact, including, without limitation, statements regarding our expectations of financial results for the second quarter of 2026, launch and space systems operations, launch schedule and window, safe and repeatable access to space, Neutron development and anticipated timeline to launch, operational expansion and business strategy are forward-looking statements. The words “believe,” “may,” “will,” “estimate,” “potential,” “continue,” “anticipate,” “intend,” “expect,” “strategy,” “future,” “could,” “would,” “project,” “plan,” “target,” and similar expressions are intended to identify forward-looking statements, though not all forward-looking statements use these words or expressions. These statements are neither promises nor guarantees, but involve known and unknown risks, uncertainties and other important factors that may cause our actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by the forward-looking statements, including but not limited to the factors, risks and uncertainties included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2025, as such factors may be updated from time to time in our other filings with the Securities and Exchange Commission (the “SEC”), accessible on the SEC’s website at [www.sec.gov](http://www.sec.gov) and the Investor Relations section of our website at [www.investors.rocketlabcorp.com](http://www.investors.rocketlabcorp.com), which could cause our actual results to differ materially from those indicated by the forward-looking statements made in this press release. Any such forward-looking statements represent management’s estimates as of the date of this press release. While we may elect to update such forward-looking statements at some point in the future, we disclaim any obligation to do so, even if subsequent events cause our views to change.

### **Use of Non-GAAP Financial Measures**

We supplement the reporting of our financial information determined under Generally Accepted Accounting Principles in the United States of America (“GAAP”) with certain non-GAAP financial information. The non-GAAP financial information presented excludes certain significant items that may not be indicative of, or are unrelated to, results from our ongoing business operations. We believe that these non-GAAP measures provide investors with additional insight into the company’s ongoing business performance. These non-GAAP measures should not be considered in isolation or as a substitute for the related GAAP measures, and other companies may define such measures differently. We encourage investors to review our financial statements and publicly filed reports in their entirety and not to rely on any single financial measure. Reconciliation of the non-GAAP financial information to the corresponding GAAP measures for the historical periods disclosed are included at the end of the tables in this press release. We have not provided a reconciliation for forward-looking non-GAAP financial measures because, without unreasonable efforts, we are unable to predict with reasonable certainty the amount and timing of adjustments that are used to calculate these non-GAAP financial measures, particularly related to stock-based compensation and its related tax effects. The following definitions are provided:

## Adjusted EBITDA

EBITDA is defined as earnings before interest, taxes, depreciation and amortization. Adjusted EBITDA further excludes items of income or loss that we characterize as unrepresentative of our ongoing operations. Such items are excluded from net income or loss to determine Adjusted EBITDA. Management believes this measure provides investors meaningful insight into results from ongoing operations.

## Other Non-GAAP Financial Measures

Non-GAAP gross profit, gross margin, research and development, net, selling, general and administrative, operating expenses, operating loss and total other income (expense), net, further excludes items of income or loss that we characterize as unrepresentative of our ongoing operations. Such items are excluded from the applicable GAAP financial measure. Management believes these non-GAAP measures provide investors meaningful insight into results from ongoing operations.
