This article has been retracted: please see Elsevier policy on Article Correction, Retraction and Removal (<https://www.elsevier.com/about/policies-and-standards/article-withdrawal>).

This article has been retracted at the request of the Editor-in-Chief and Author.

The author of the paper “Integrating AI-based adaptive learning into the flipped classroom model to enhance engagement and learning

outcomes”, Computers and Education: Artificial Intelligence, 2025, <http://doi.org/10.1016/j.caeai.2025.100392>, informed the Journal that during data collection the anonymization and consent, in compliance with applicable laws and journal policies, was not ensured in every case. Although the research findings themselves are scientifically valid, the shortcomings in adhering to the relevant regulations have raised concerns regarding ethical compliance.
