

Client Relationship Management Plan with To-Dos

Use cases

Customer journey

About

The Client Relationship Management (CRM) Plan mind map template provides a structured 8-branch framework for managing client relationships, covering account assignment, onboarding, communication, growth, feedback, internal collaboration, retention, and measurement. Designed for account managers and customer success teams, this template includes 41 nodes with actionable tasks such as 'Assign accounts based on territory, industry, or deal size' and 'Prepare renewal proposal 90 days before expiry'. It serves as a comprehensive CRM cheat sheet and template for building repeatable client engagement processes. The template is organized as a radial mind map with numbered branches, each
