How It Works

1

Complete your profile

Complete the survey to establish your baseline across your biology, lifestyle and goals.

2

Sync your data

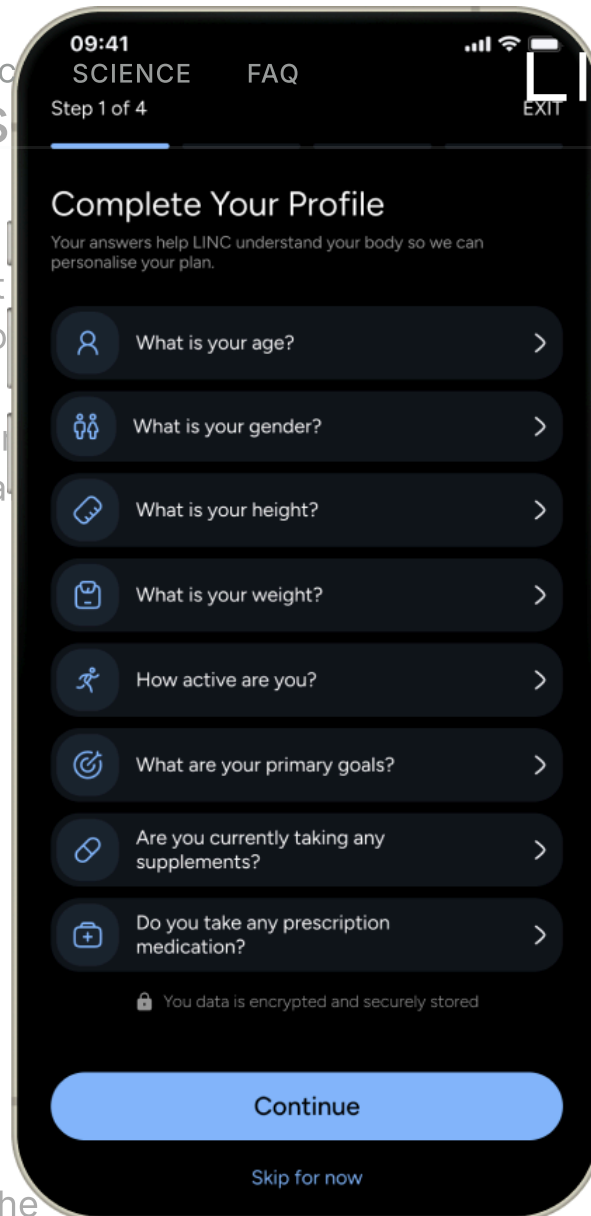

Connect Apple Health, WHOOP, Oura, and other wearable platforms to bring in real-time biometrics.

Your plan, personalised daily

Your supplement plan is tailored to your data and continuously refined within defined safety ranges.

Daily precision, delivered

Your drink is prepared and dispensed using your latest data, adapting continuously in the background.
