

ByThen™ Closes **\$5M Seed Round** →

Your AI Video Producer for Faceless Content

Turn your idea to ready-to-publish video. ByThen compacts full production from script, visuals, audio, storyboard and editing; all in a single workflow.

All Production Needs, in a Single Workflow

Scene 3 — The Lesson of Aristotle

Aristotle — the greatest owl who ever lived — taught Alexander everything.

Philosophy. Medicine. Strategy. The nature of the stars. Alexander soaked it all in. And then, naturally, asked what was beyond the stars.

The owl had no answer for that one.

Imagine having an entire production team at your fingertips. We handle it all while you stay in control.

Complete Profile Setup

How it works

1 Getting to know you

In Creator Setup, we ask a few questions about the content you want to create and the style you like.

2 Produce the Content

3 Final Polish and Publish

4 Learn, Improve and Scale

Backed by investors who shape what's next

Together, we're shaping the future of video production and make it accessible to everyone.
