

Call for nominations for 2027 CSO Awards are now open

The **CSO Awards** recognize security initiatives that delivered measurable results and not just innovation in isolation — **across areas such as AI compliance and enterprise risk accountability.**

Entries for both the CSO Awards and Hall of Fame nominees are evaluated through a rigorous, peer-informed process designed to reflect the real scrutiny security leaders face from boards, regulators, and the business.

Rather than standing apart from the conference, award-recognized work is integrated throughout the agenda as case studies and discussion anchors, providing practical insight into how strategy, execution, and leadership translate into outcomes under pressure.

CSO Awards

The CSO Awards deadline is September 16, 2026.

Please note: Hall of Fame Nominations are now closed.

2026 Award Winning Companies, Project Names and Industry by Category

Application Security

Aflac: Quack-Proof Code: Aflac's Application Security Center of Excellence (*Industry: Insurance*)

Coalfire Systems, Inc.: Guardian AI Framework: Enabling Secure and Responsible AI Adoption (*Industry: Business and Professional Services*)

EXL: SARA – Security Architecture Review Automation Tool (*Industry: IT services and Technologies*)

PROS: Threat Modeling at the Speed of Innovation: PROS' Clover Success Story (*Industry: IT services and Technologies*)

Compliance and Risk Management

California Housing Finance Agency: Information Security Programs Audit – Remediation (*Industry: Government – State/Local*)

CN Rail: GRC Modernization (*Industry: Transportation and Logistics*)

Casey's: Cybersecurity Integration and Risk Mitigation in Mergers & Acquisitions (*Industry: Retail*)

Consensus Cloud Solutions, Inc.: Compliance 365 (*Industry: E-commerce/Internet*)

Horizon BCBSNJ: CyberFortify (*Industry: Health Insurance*)

PDS Health: ISO 27001 Certification (*Industry: Healthcare/Medical/Pharmaceutical/Bio-Tech*)

Salesforce: Salesforce Compliance Agent (*Industry: IT services and Technologies*)

SAP SE: NextGen Audit Sessions – AI-Driven Audit Walkthroughs (*Industry: IT services and Technologies*)

SIGMA CORPORATON: Enterprise Cybersecurity Risk Reduction & Resilience Program (*Industry: Wholesale*)

Swimlane: Automated SaaS Audit Readiness (*Industry: Business Services/Computer/Network Consultant*)

TD Bank Group: Eliminating Data Risk and Strengthening Compliance with Secure Data Masking at TD Bank (*Industry: Banking*)

Town of Gilbert: Streamlined Security Governance: Customer-Centric Technology Review Process (*Industry: Government – State/Local*)

Uber Technologies, Inc.: Uber | Beyond the Check Box: Solving Human Risk with Behavior- (*Industry: Transportation and Logistics*)

US Med-Equip, LLC: Covenant Core: GRC as an enabling differentiator (*Industry: Hospitals & Healthcare*)

Xactly Corporation: Reducing Material Cyber Risk Through Business-Aligned

Vulnerability Intelligence (*Industry: IT services and Technologies*)

Zions Bancorporation: Data Protection Acceleration – The Big Bang (*Industry: Banking*)

Critical Infrastructure Protection

K&N Engineering Inc: Code to Cloud Security Transformation (*Industry: Healthcare/Medical/Pharmaceutical/Bio-Tech*)

MultiCare Health System: From “Department of No” to “Culture of Yes”: Enabling Modern Healthcare Through Identity-Based Microsegmentation (*Industry: Hospitals & Healthcare*)

Postman: Darwinium (*Industry: Enterprise Software*)

Cybersecurity

AmeriHealth Caritas: Detection Engineering Fusion Cell (*Industry: Hospitals & Healthcare*)

Cornerstone OnDemand: Cybersecurity Agents – Autonomous Security at Scale (*Industry: Software as a Service*)

Hensel Phelps: Project SAM (*Industry: Construction/Architecture/Engineering*)

McDonald's: Securing the Arches (*Industry: Quick Service Restaurants (QSR)*)
